Subject: 2009 Local Educational Agency (LEA) Determination

Dear Ms. Roberts:

In accordance with Section 616(a)(1)(C)(i) of the Individuals with Disabilities Education Act (IDEA) of 2004, and 34 Code of Federal Regulations (CFR) §300.600(a), of the implementing federal regulations, the United States Department of Education (USDE) requires states to make "Determinations" under Section 616(d) on the performance of LEAs' programs for students with disabilities. Essentially, Determinations are a way of designating the status of each LEA in relation to one of four categories: (1) Meets the Requirements, (2) Needs Assistance, (3) Needs Intervention, and (4) Needs Substantial Intervention. As implied, these categories represent various intensities of required technical assistance and/or intervention. USDE requires each state to make a determination using these categories for every LEA within the state on an annual basis.

In making these Determinations, states are required to consider the following federally required elements:

1. Performance on State Performance Plan (SPP) compliance indicators
2. Submission of valid, reliable, and timely data
3. Uncorrected noncompliance from other sources (complaints resolution, due process, and monitoring)
4. Any financial audit findings

States may choose to include additional elements in making determinations. The Texas Education Agency (TEA) has incorporated for the first time this year the following state defined element:

5. Performance-Based Monitoring (PBM) Stage of Intervention for the special education program area

Attached you will find the 2009 LEA Determination Report for your district. LEAs with a determination status of Needs Intervention or Needs Substantial Intervention may appeal their determination. Additional information about the LEA Determination process, including the appeals process, can be found on the TEA website at: <http://www.tea.state.tx.us/special.ed/spp/leadetermin.html>.

The TEA will send information to districts concerning any additional required actions related to a determination level of "Needs Assistance" or lower. The LEA Determination Process is not subject to public reporting by TEA; however, LEAs are strongly encouraged to share this information with their community; such as, the district's website or public notice in a local newspaper.

If you have any questions concerning the LEA Determination Process, please contact the TEA Division of IDEA Coordination at (512) 463-9414.

Sincerely,

Anita Givens
